NATIONAL REPUBLICAN.

THE BREVITY BASKET.

Filled With Brief Mention of Many Minor Events of Yesterday.

The Corcoran gallery of art will not be reopened to the public until Monday next.

Judge Mills yesterday dismissed the assault case of Gilbert Meyer charged with assaulting Col. Thompson.

At the meeting of the Union Veteran corps last Monday evening the following comrades were elected second lieutenants: Edgar, senior, and Hartel, junior.

The house of Maj. Gaines, at New Jersey avenue and Fourth street northwest, was entered by burglars Wednesday night, who were frightened off without securing any plunder.

Arrangements have been made at the city postoffice so as to keep the Corcoran street station open for registration of mail matter until the departure of the mail carrier at 4:30 p. m.

Louisa Turner, colored died suddenly yesterday at 629 Seventh street southwest, and there was some talk of poisoning. The coroner decided that she died from a disease of the stomach.

A gas explosion occurred at No. 3131 M street, West Washington, yesterday afternoon, which set fire to some shavings. No. 5 engine responded to the alarm which was turned in and the flames were extinguished without much damage.

Thomas Crawford, the colored man who was tied to a tree and horse-whipped by a crowd of men near Glendale, Md., because he was suspected of trying to break into the house of Dr. Duckett to outrage a young lady, was in the city yesterday seeking a lawyer to enter suit for him against the men who whipped him.

Two entertainments were given at Warrenton, Va. last week by Prof. J. W. Bischoff, Miss Minnie Ewan, and Miss Annie Lewis, of this city. The *True Lover*, of that place, speaks in the highest terms of Prof. Bischoff's playing and Miss Ewan's singing, while the most lavish praise is given Miss Annie Lewis for her extraordinary efforts. She has improved greatly since last year, and is now fully equal to many professional readers.

The marriage of Mr. Peter McCalmon, of the province of Manitoba, and Miss Lizzie A. Gabriel, an employee of the bureau of engraving and printing, took place at Grace Episcopal church, in South Washington, on Tuesday night. The couple had never seen each other until a few days prior to their wedding, but had carried on their love affair entirely by correspondence. Mrs. McCalmon is a handsome lady, and has a large circle of friends who will regret her departure from the city.

In anticipation of the laying of a gas main along Sixteenth street, the pipes for which had been lying along the street for several months, a number of house owners between 17th and Boundary streets had connecting pipes run into their houses at considerable expense, and were, therefore, much chagrined at day or two ago at seeing the pipes loaded upon the company's wagons and hauled away again. Upon inquiry they were told that it was not intended to lay a main.

A Total Eclipse of all other medicines by Dr. E. V. Pierce's "Golden Medical Discovery" is approaching. Unrivaled in bilious disorders, impure blood, and consumption, which is scrofulous disease of the lungs.

Police Court Notes. Wm. Woodson was sent to jail for three months for stealing a chain and lockset from Julia Harris.

The six cases against Joseph Carroll, alias Dr. Brooks, the alleged voodoo doctor, were called, but evidence was heard only in the \$8 watch case where he promised to get the son of Cornelius Orange out of jail. The cases were continued.

Carrie Buckley was fined \$25 for keeping a disorderly house at No. 406 Massachusetts avenue.

Lloyd Mudd was fined \$50 or three months for assaulting his wife, whom he was charged with hitting on the head with a brick and fracturing her skull. An appeal was noted.

The case against Policeman Norcombe, who was charged by Edna Dyer with having unduly clubbed her when he arrested her was dismissed, as it was shown the prisoner resisted arrest, and the judge considered that no more force was used than was necessary.

Warning!

How many people ruin their stomachs by swallowing cold drinks on a hot summer day, when they could avoid all danger by adding drops of Angostura Bitters, besides imparting a delicious flavor to their summer beverages.

Willard's Hotel to Be Renovated. Mr. O. G. Staples, who built and conducted the Thousand Island hotel, at Alexandria bay, who has taken Willard's, as has already been stated in *THE REPUBLICAN*, is in the city, and will go to work at once putting it in first class order.

The ceilings will be frescoed and the house painted inside and out. The outside will be white, which will give the building a prominent appearance. Especial attention will be given to the sanitary arrangements, and the closets and all the plumbing will be thoroughly overhauled. The entire house will be renovated, and the furnishings in every department will be of the first order. The corps of employees will be selected for their ability in their several stations. A fine cafe will be attached to the hotel, and the cuisine is to be second to none in the city.

Mr. Staples will endeavor to keep Willard's up to its old standard, if not above it. Having had ten years' experience as a hotel keeper, he expects to run the hotel altogether upon first class principles. Everything is being done to enable the management to open the house on the fifteenth of September.

Taylor & Hufty have on hand a few flannel and cloth suits for traveling and fall wear that they will dispose of at a very low price before taking stock and preparing for fall trade. Their stock of jerseys is kept up by ordering from the importers weeks in advance. The sale of these garments is unprecedented. Every lady finds necessity for a jersey, and they bid fair to be the fashionable wear for early fall. Buy while prices are down. 933 Pennsylvania Avenue.

A Chinese Convention.

Hop Ho, Ty Sing, and Tei Lung, all Chinese, left here Tuesday night for New York to pay their respects to a Chinese woman who lives in West street in that city. This woman is called the "Khaplai" Queen, and once a year all Chinamen are expected to visit her or send her a greeting. She is the wife of Tala Ming, a merchant. The Chinese of this city, instead of going in a body, as heretofore, held a meeting and elected the above delegates to represent them. A convention is to be held in San Francisco, representing all the Chinamen in the United States, when representatives from each city will be present. A reporter asked Ty Sing, who was leaving, if they would nominate a candidate for president at the convention.

"Me think yas," replied the pagan. "What will it be?" asked the reporter. "Ching Kye." "Where does he live?" "Chicago." "What will be his politics?" "Hore Ty cogitated for a moment as he replied, then his eyes brightened and he replied, "diemocratic."

Increased Work in the Postoffice.

Some changes will soon be made in the city postoffice in order to provide for the expected increased business in the registered letter office incident to the operation of the new postal note law. The punches to be used by postmasters have already been mailed to the sixty-five hundred money order offices, as stated in *THE REPUBLICAN*. After the law goes into effect Sept. 1 the postmasters at money order offices will be required to send weekly reports to the department. This will make sixty-five hundred registered packages to be received and handled at this office weekly. As a separate account has to be kept of each registered package this will add greatly to the business of the office.
